

Matthias Jährling - Bio

Matthias Jährling is the senior application manager for Materials and Structural Analysis, Material Characterization at Thermo Fisher Scientific. In addition to this role, Matthias is the manager of the Material Characterization Process/Pharma laboratories and team leader of the Thermo Fisher Scientific Material Characterization Process/Pharma application group.

Matthias received a diploma in chemical engineering at the University of Applied Science Reutlingen.

CV (Curriculum Vitae)

Professional Development:

- Since 2007 Manager MC Application Laboratories Process/Pharma – Thermo Fisher Scientific
Team leader MC Process/Pharma Application Group
- Since 2005 Senior Application Manager for Material Characterization – Thermo Electron Corporation
for China, Korea, Asia-Pacific, Latin America
- 2003-2005 Technical Sales Manager for Processing Instruments - Thermo Karlsruhe GmbH
- 1996-2003 Technical Sales Manager for Polymer Technology - Thermo Haake / Germany
- 1993-1996 Product Specialist - Materials Testing - HAAKE Mess-Technik / Germany
- 1990-1993 Scientific laboratory technician at HAAKE Mess-Technik / Germany
- 1988-1989 Scientific laboratory technician at DOW Chemical Melbourne / Australia

Education:

- 1990 Diploma in Chemical Engineering at the University of Applied Science Reutlingen
- 1984-1990 Study of Polymer Chemistry at the University of Applied Science Reutlingen/Germany
- 1982-1984 Study of Chemical Engineering at the Technical University of Karlsruhe (KIT)
- 1982 A Levels / High School Diploma at the Technisches Gymnasium Bühl

Born 22. May.1963 in Mainz / Germany
